# NHS 70 Global Medical Excellence Awards - 2019

---

South Asian doctors, especially from the Indian sub-continent are described as the major Migrant architects and the life bloods of the NHS. Not only as doctors, but they have become a highly-valued members of the communities in which they practice. Judging by the past events organised by WTO-UK, it is very clear that they promote understanding among the different culture groups and communal cohesion.

This being our 24th summit in the European Union is focussed on the Health sector. We, take this perfect opportunity to celebrate it as a curated event, joining in with the celebrations marking the 70th birthday of National Health Service (NHS). We feel honoured to recognize and thank the outstanding achievements of the extraordinary medical professionals, from various institutions across the globe, for the exemplary service they plays in our lives.
